JUST SO YOU KNOW. . .

- Stellar is handcrafted and field tile will vary in size and thickness. Particularly with the large format sizes such as 4x12 & 6x12. Grout lines may not always be perfectly straight and square. Once properly installed and grouted, the beauty is enhanced by such variation.
- Crackle glazes require periodic maintenance to avoid moisture intrusion.
- Test all dark grouts prior to installation.

We are committed to delivering the highest quality handcrafted tile to you. Variation in shade, texture and size are inherent characteristics of our handcrafted tile. Always inspect your tiles before they are installed as installation constitutes acceptance.
